3. The pups were all playing, and swimming in the sea
Splashing around so happily
But Wally stayed on the ice, "Swimming's not for me"
What did he do? He groaned

4. Well one day he was lying on the ice by the sea
When mum and dad were fishing for the family
He heard a crack, and he waited so patiently
Then the ice broke away, and he floated out to sea

5. Wally the Walrus was floating away
Out to the ocean far away
He heard his brothers and sisters calling out to sea
"Wally oh Wally where can you be?"

6. He got up his nerve and dove into the sea
He swam, and he swam through the wild ocean sea
He made it all the way home to his big family
Wally the Walrus was as happy as can be.
